GENERAL DESCRIPTION

The interior of this building is clean, white and well maintained. This polished jarrah floored venue has an estimated concert style capacity of 250 with an easy side load in access to the auditorium. The acoustics are fair but the venue lacks 3-phase power. There are no lighting positions and no blackout capacity. There is an outdoor toilet block at the rear of the building.

TOURING TIPS

There is no 3-phase in this building.

The auditorium floor creaks noisily throughout.

There is a window on either side of the stage.

There are no lighting bars.

At the time of this measure up plans were being discussed to lease the bottom third of the auditorium to the adjoining telecentre.
