Fax: 089937 1822

Email: m&fscott@bigpond.com

## LOCAL GOVERNMENT

Shire of Northampton

## CITY/TOWN DESCRIPTION

Kalbarri is approximately a 6 & ½ hour drive from Perth and a quite pleasant 45 minute ride off the North West Coast Highway. The way in from the north or south is on a sealed surface and is very scenic. Seasonal rains or the flooding of the Murchinson River does not affect the access to the town. Kalbarri itself is a beautiful seaside town, very popular in school holiday periods. There is much accommodation available in town but it may need to be booked well in advance if planning to be in Kalbarri in peak seasons. The town has a population of approximately 1400.

## **GENERAL DESCRIPTION**

This venue is recently refurbished or has been extended to now include a function space that accommodates approx 200 people. Essentially the venue is a Footy club room style venue with a relatively low ceiling. The function room section is in very good condition having only just recently been built. Further to the main function room space is a large veranda which flows on from the main room through a large set of sliding doors. The venue could be used in a couple of different ways with a small performance inside or a 'band' style performance could be held on the veranda facing out onto the oval which obviously has no patron limit. The space inside is acoustically quite good with a perforated acoustic baffle style ceiling, however there is a small echo/reverb effect under the veranda.

The venue has both male and female toilets suitable in size to match the venue size and also has a disabled toilet at the rear of the venue. The venue is disability compliant with good access through all doors and a disability ramp accessing down to the adjacent oval.

The venue also has a reasonable suite of furniture and equipment suited to the style of venue it is including; various tables, white bistro chairs, casual cane wicker chairs, padded function chairs, TV, Plasma screen, Bain Marie and stereo.

The venue also has a kitchen space with various fridges and facilities within. A servery window through to the main function space is fitted.

The main function space has a lino floor in excellent condition with a carpeted section at one end of the room. If a performance were to be held at this venue I would suspect the carpeted section makes the best sense in terms of where any stage or performance space should be set up. The room does not have a blackout, in fact there are a lot of windows and glass doors in the room, making it very difficult to try and apply any blackout treatments. The veranda has a concrete finish on the floor and also has a set or tiled stairs in the centre leading down to the oval below. Its worth noting that the venue, both the main function room inside and the veranda outside, is approx 2m above the level of the oval. The veranda has a sloped away grass section falling from the veranda down to the oval level. The venue has only an 80amp mains switchboard, with only one (1) 20Amp 5 pin 3phase outlet available on the outside of the venue, on the veranda under a bench. The location of the 3phase power outlet is close to the carpeted section of the venue which would seem to be the natural performance end and hence a feed could be tucked through a window very easily with a small extension lead.

## **TOURING TIPS**

This is the type of venue where you will need to tour all your own technical equipment, and staging. The venue is a blank canvass and you would need to tour everything with you, including all of the staffing you may require to load in/out and run the show.

This is a type of venue where you collect the keys and are basically left to your own devices. However the Kalbarri Sport & Rec Club are very keen to have touring events stop in Kalbarri and hence would offer as much support as is physically possible within their means.

TICKETING SYSTEM	Tickets sold through local shop outlets, KS&RS will assist with this process.
ADVERTISING POSITIONS	None at venue, but a banner could be hung.
POSTERS/BANNERS	As above.
LOCAL PUBLICATIONS	The Geraldton Guardian newspaper covers the Kalbarri township and surrounding areas.
LOCAL RADIO	There are numerous radio stations covering Kalbarri in both AM & FM bands, most based from or fed from Geraldton. For further information on radio stations in the area please refer to the following websites: <a href="http://www.ausradiostations.com/fmwa.html">http://www.ausradiostations.com/fmwa.html</a> <a href="http://www.ausradiostations.com/amwa.html">http://www.ausradiostations.com/amwa.html</a>
WORD OF MOUTH	Word of mouth is a positive way to publicise something in Kalbarri and providing media releases of detailed info to a number of key agencies would certainly spread the word.

## OTHER IMPORTANT CONTACTS

DOCTOR	Doctor can be contacted at: 08 9937 1159 Medical Ctr can be contacted at: 08 9937 0100 Chemist can be contacted at: 08 9937 1026
HARDWARE	BP Kalbarri & Makit Hardware are located on the same property in town and can be contacted on: 08 9937 1800 (open 7 days 6.30am to 6pm)
COUNCIL	Local Shire Office: 08 9937 1409
POLICE, FIRE, AMBULANCE	For all emergency services contact: 000
TAXI	Taxi's can be contacted at: 08 9937 1888
NEWSAGENT	Kalbarri Newsagency contact: 08 9937 1102
VISITOR CENTRE	Visitor Centre contact number is: 08 9937 1104
ACCOMODATION	There are several accommodation options in town with Kalbarri being a very popular seaside holiday area, especially in peak seasons. I would recommend two accommodation options in particular given their size to facilitate a tour party, facilities and location; Kalbarri Palm Resort Best Western: 08 9937 2333 Kalbarri Beach Resort: 08 9937 1061
