### GENERAL DESCRIPTION

This charming hall was built in 1977. The prime users, the Shark Bay Film Club and the Shark Bay Arts Council, ensure that the building is well maintained. The Film Club leaves their excellent speaker system permanently installed, although admit to an uphill battle with the auditorium's acoustic problems.

A 600mm high x 7200mm wide x 3600mm deep rostra stage has been placed at one end, leaving seating room for about 150 people.

There is a beautiful new wood floor and black roller-blinds on the side windows.

### TOURING TIPS

At the time of writing this report, the 15 amp three-phase supply does not work.

There are no lighting bars or backstage dressing room facilities.

The community of Denham is commonly referred to as Shark Bay, a popular tourist destination.
