### **GENERAL DESCRIPTION**

Big and basic: an estimated 350 concert-style capacity hall with white walls, jarrah floor and a small proscenium arch stage.

The acoustics and sightlines are reasonably good; there is a single 30 amp three-phase on stage but no lighting bars as yet.

Tammin Town Hall - floorplan

## TOURING TIPS

- There are no dressing room or toilet facilities backstage.
- Wing space is very tight and the red and green masking is hard to compete against.
- There are no lighting bars onstage or FOH, and no daytime blackout.
- Train and truck noise from the adjacent highway and railway is apparent. Advise company.
